“ Okay Clay you know that what was between me and you, it's been done. But unfortunately he's not doing to good at stopping. I don't understand why he didn't go to rehab like he was supposed to, it was all planned out for him. Well as you and I both know it's now between him and the Lord. You would have thought that the message that was sent to him would have scared him straight. Maybe it would have if he would have just believed me. RIP dear sweet long time ago friend and Until that day we meet again enjoy the light.

“ I just wanted to say uncle clay there won't be a moment that I don't miss and cherish with you. I'll always remember you for your smile and joyful soul. I Wish we had more time to spend together, but I do know this, that one day will see each other again through the Lord and Savior, and that brings ease to me. But until then, I love you and miss you forever.
