“ *Betty Jones was a talented friend. Her gift of sewing saved me on many occasions. Betty loved her girls so much and always supported them. Betty always had a “good word” to speak in her conversations and she was a kind and accommodating lady. Blessings to all of the family as they journey grief.*

“ Betty was one of a kind. She followed no life patterns. She did her own thing and pleased herself. She was a good woman. She loved her kids and was a good wife. I know I’m gonna miss her along with many others. Betty left a good memory for a lot of people. We love you Betty.
