“ *In high school we did simulated Dirt Track maneuvers where I lived using my Dads IH tractor.
In retirement he repaired my small engine equipment and I helped with his electrical issues.
As friends we spent time on a porch as well as attending the same church and SS class.
My good friend.*

*Bobby Boggs will be dearly missed. Always working like he was fighting a fire. Had a ton of great memories working with him as well. Only one time my whole life I pulled up at his house at 430 am to go to work with him. Not a light on. I said to myself watch this. This is gona be a show. Sure enough rung door bell every light in the house came on as he was running to the door. Hollers at me wait a minute be right out. We got a good laugh out of that. Gona miss u Bobby. Your nephew
