“ He was my grandfather however he treated me more like his son, he helped raise me he helped clothe me bought me anything I needed lol he did buy me stuff I didn't need and take me places like to go see Elvis manor Graceland TN, but what I will always remember most is how he was always there for me when I needed someone to talk to when I needed a little bit of money to help get buy In life he was there no matter what and all the money he spent on me I didn't have a chance to pay him back ..... I will be honest here I took him for granted that's the truth I never knew how much he played a part in my life after I lost grandpa I relised very quickly that the person I talked to wasnt around anymore the person to calm me down when I got upset the person who would take care of me if I needed anything he would give me the last dollar he had and he didn't mind it ....if I could go back I would tell him I love him I would give him a hug oh what I wouldn't give to be able to talk to him again .... I wish I had that chance but I don't all I know is one day I will be able to see him when I cross over and a thank you will be coming out of my mouth and I'll give him a big hug .... Rip grandpa I love you .... I'll see you again ❤️❤️❤️

“ My condolences to the family. I have known Bobby for years through my mom Annette and stepdad "Skip" Brown. I used to work construction with my dad and Bobby some. We became close after Bobby was helping my mom after my dad died. Bobby was the one who found her when she passed and helped the police contact me. I am so thankful we were able to go to breakfast, church and lunch together. I can't believe it's been this long since I talked to him and just found out about his passing. Rest in peace with the Good Lord, precious man.

“ Bobby was one of my oldest and best friends. He taught me how to sheetrock. We worked together at DWC, and Bonitz. I worked so very, very, many sidejobs and churches and housework together with him. He always put me in awe of such incredible skill! And such a character! Always with a hey doctor! And such stories and what a memory! From being shot at with fatback filled shells to getting rid of chiggers using gasoline! I spoke to him around the first of July and I know he was suffering terribly then..I hope and pray that heaven has a special spot set aside for Bobby Jo and till I'm with you again,, I love ya doctor!!! My sincere sympathies to all family and friends....

“ Bobby was a terrific man. Many years ago I played many softball games with and against Bobby. Bobby was a great athlete. A fierce competitor but when game was over he displayed true sportsmanship.  
Always pleasant to be around.

“ Bobby was a neighbor of mine as we grew up in Liberty. We both enjoyed softball and baseball games. He was a good ball player and a really sweet person. I saw him last a few years ago in Ingles. It had been many years since I had seen him and we talked for a while. He told me about his being sick. That was the last time I saw him. Bobby will be remembered by many people as a hard working person who did not always have an easy life, but he was a caring person!

“ I am sorry to learn that Bobby has passed. We have crossed paths many times from our childhood days. Bobby was a big help to me over the years and I could always depend on him when I called. One of his sons was also along with him on several occasions. One does not forget people like this. I was blessed to have known him. John 3:16.
