“ *Miss you sweet friend. I think of you all of the time. Just today I have been able to force myself to view this page. I have spent all of these years wishing our last big plan had played out the way it was supposed to.... I had driven all those miles to pick you up, but the plan was not made to be ours. My heart breaks over and over for the dreams you left behind. I know this is a selfish pain. I know you rejoiced to be reunited with your brother and Tina Bell and all of the others that you lost along the way....but those of us left behind will always miss the light that you brought us. You painted shades of heaven in our lives that will never fade. We love you, sweet girl. Keep shining and showing up for us in the little ways that will never go unnoticed* 💜

“ *Rest in peace my sweet girl . You always had the kindest heart. You would see a homeless person on the street and would go back and give them your coat or some food you had just bought. You were what this world needs today. Love Nannie*

“ *Awww My Brooke. My heart broke when I heard. My soul aches for your parents children and love ones. I will forever remember. I'm going to miss you running and hugging me and yelling out my name every time we seen each other. You were such a sweetheart. Get your rest. I LOVE YOU*
