Carl Brooks was the kind of man who made a difference in the lives of every life his life touched. This is a lesson to me to always seek out and let everyone who shaped me into a better person know that I am a better person today due the values I learned from them! And I will ALWAYS regret he didn't know it before he died!!

“ I was so saddened when I was told of Mr Brooks passing. He was my very first boss when I worked at BiLo #54 in Pickens. All of us kids thought the world is him. He was always good to us. I recently had to chance to visit with him and Shelba at their home after his knee surgery and told him how much he meant to me and the others. I'm so glad I got to let him know what an impact he had. Great man, wonderful boss, good friend. Deepest Sympathies to the family. God bless!

“ *Deepest condolences to the Brooks family on the passing of Mr. Brooks. I worked as a bagboy at BI-LO 54 in Pickens from my junior year in high school in 1978 through my freshman year at Clemson in 1980. He was a great influence on me and had a tremendous impact on helping me to develop my work ethic. I'm sure there are hundreds of others who would say the same thing about him. He touched many lives and the world will be a lesser place without him in it.*
