“ *My dear Autumn. I just saw this about your amazing grandmother. My heartfelt sympathy goes to you and your family, but especially to you. Cynthia was such a wonderful and supportive lady. You my dear have those same qualities. You will be in my prayers. Love and hugs to you, Autumn.*

“ *Aunt Cynthia, you were a kind aunt to your nieces and nephews. Your extending your home to me while my mom, your sister in law recouped from an illness will never be forgotten. Your smile, your guidance, your good cooking and your parakeet Joey, brought comfort and consistency to me at a difficult time for an 11 yr old. Your kindness will glow forever. Rest easy and be at Peace now. I extend my sympathies and those of my brother to the whole family. Love Dee*

“ *My mother. She did love her family. She adored her grandchildren and cherished her great grandchildren. she shared with us her love of the arts and music. She loved opera, she loved to travel and she loved James Patterson. She forged her path and created her own life and did the best she could. I love you, Mum.*
