“ *Most do not know this about Cyndi and just who she was for me. I was a troubled, abused, neglected teenager. Cyndi and Otto took me in. Cyndi said she wouldn't and couldn't allow me to go back home to those conditions. She fought for me to get child support, my right to remain in school for my senior year and then helped me emancipate myself at 17. She gave me the support, the mean and the love to help me find confidence in myself enough to sustain myself and be free. Those are true blessings and gifts of life. I am fortunate enough to have been able to express my thanks and gratitude countless times to Cyndi and also to Otto. You saved me quite literally. I love you evermore and God Bless You.*
