“ I can't believe this has happened. I went to basic training with Fields. He was my closest friend in Basic training. Though we parted ways after Basic training, we always kept in touch atleast a few times a year. I haven't talked to him in few years and decided to look him to see if i could get in touch with. This is so unfortunate and I'm going to need time to process this. He was a great person and one of the most trustworthy people i've met in my time in the military. I will like to extend my condolences to his family and close friends. To have known Fields and have the opportunity to share some of my most memorable experiences with him was an honor. Rest easy Sapper and god speed to Valhalla Soldier. If someone can please contact me to let me know how he passed I would appreciate it so much. It will definitely help me process and understand this tragedy. Ruben Burgos (508) 493-7664.

I don't know how or why I'm just now hearing about this but it breaks my heart to see that my buddy is no longer with us. He befriended me from the get go and when I had no where to go on the edge of being homeless he and his dad Coach Fields took me in and let me stay with them. Two of the best men I've ever had the privilege to know. Coach I am so very sorry for your loss, I know first hand how close you guys were and the bond that you shared and I'm sorry that I just now learned of this and am expressing my condolences. To the rest of his family I did not ever meet you but i felt like I knew you just by how much Daniel would talk about you. My condolences to you as well and I hope you all have been able to find peace and closure through your difficult times. Daniel, although we hadn't spoke in some time I never lost the brotherly love I have for you and you will always be one of my dearest friends. Miss you dude. Rest easy my friend. God bless.
