“ I have known the McDade family for most of my life as we went to the same high school and feel like we are all related. I worked with Diane at the BGEA in the 70's so I have lots of wonderful memories of her. We did stay in touch all these years later. And for that, I am grateful! My heart hurts for all of the family even though I know we will all be reunited in Heaven when we all get there! Diane was such an inspiration to me. So is her Mother, Lucille. I'm so very sorry I was not able to attend her funeral as I just got out of rehab for a broken knee in 3 places and still not able to get out an about until it heals. Please know that you all are in my prayers. God Bless!
