“ *Donnie, I have always loved your innocent face. You were maybe 8 years old when you told me you were going to marry me. I may have been 17. Love and miss you dear cousin. Prayers for your family. We have had so much loss in our family. We just have to keep remembering happy times and our family members will always be remembered.* ❤️

Donnie we just became friends again on fb. We were so young on Rices creek all your brothers and me and Dale playing together. It's funny we would get off the bus at the church and fight til we would turn down our road . Then we would change into our play clothes and you all would come to the house and play til it got dark. My heart is broken. My prayers are with your family. Will miss you buddy. Gone but not forgotten
