“ *It's a real heartbreak to see Don has passed away. My husband was really close to Don, they built so many things together, we had dinner with him and Connie as friends for many years. So many fond memories, going to the lake to just hanging out at his beautiful home. He will be deeply missed.*

“ *Our thoughts and prayers are with each of you during this difficult time. May you be blessed with fond memories in the days ahead. You can look around the neighborhood and see all the positive work that Don did as he built homes for others. He will be missed.*

“ I can't think of Don without thinking of his meticulous nature when he set himself to his work. I still think of him every time I pick up a paint brush. He would say that you need to paint a while and then let your brush rest, a.k.a. Take a coffee break. He was able to help with a building project at my home when my kids were little- Jackson was going through a Bob the Builder stage. Mr. Don, as Jackson loved to call him, was so patient and kind with his little builder buddy who loved to greet him "ready to help" in his little builder hat and work apron. His kind nature even extended to our cats. When not working, he would make it a point to coax them into letting him pet them. He was always kind and generous with a smile and a hug every time we had an opportunity to meet. He will be missed! Condolences to his family.

“ Don and Connie were great neighbors in the Nine Times Community on Upper Springs Road. Don could build anything from housing to laying tile in our daughters home. We will forever remember them and the influence they had on our lives. Our condolences to the family.

“ The first thing I think of when I think of Don is his energy. He was determined, boisterous, and caring! His home, The Ranch, is a testament to his commitment to his family and his craft. The saying “ Where there is the will, there is a way is there for all to admire, especially me. I will miss him. Sally Nardi

Mr. Don , was a man I looked up to. He was kinda like a father to me. Years ago we spent a lot of time with him. He taught me alot. There was nobody like Me. Don & Mrs. Connie! Wonderful people. He was a hard working man. He will be greatly missed. Lori did an amazing job taking care of her parents too. They taught her well. ❤️ Love, Ray & Becky Babb

“*Don and Connie Worth were my next-door neighbors for much of my life growing up. I used to babysit for Lori, Bobby and Suzie when they were young. They always had the best snacks stacked in the cupboards! We would have amazing times in their pool and sending out for chicken delight! They would always include me in their family vacations to the Poconos to enjoy all the horseback riding, sleigh riding and water activities and then they would go out for a quiet dinner at night while the kids and I would stay back and go to a movie or just hang in our rooms. They were like my second parents... I am so glad I got to see him before he passed away. God bless Don, Connie and Suzie united in heaven. 🙏❤️☐*

“Mr Worth was the best neighbor anyone could ever ask to live next to. Not only was he my little league basketball coach, but also my good friends Dad. He used to take us upstate camping, fishing on his boat, and I'll never forget, took me to the Danberry fair up in Connecticut. Invited us over for countless barbecues and swimming in the backyard in there built-in pool. I'll also never forget how he built a stage for my drum set in his basement. Him and Mrs Worth were extremely kind and generous to pretty much all the kids in the neighborhood. We're gonna miss him allot and his sense of humor, he was a funny guy and had a heart bigger than most. May he rest in peace 🙏

“Uncle Donny”-that's what we called him.
My memories: He was handsome, fun, funny, generous, always had lots of good junk food in the closet, Aunt Connie was a great cook, loved going there for dinner, we kids always had lots of fun while the adults played pinochle card game, swimming in the built in pool, BBQs, music, music, music.... ✨💖✨

“Uncle Don” - Damn, so many great stories and good times. Not only was he one of my fave cousins but he was great boss. Working for him was as much fun as hanging out. I still yell “duck” every time I pass the Duck Farm along Sunrise Highway in Center Moriches. there's only two other people that would get that but it still make me laugh. I suspect he and my Dad are already reminiscing about “cowboying” my dad's boat to the curb in Babylon after the trailer disconnected from Unc Don's pickup!

We worked together all over long Island. Not everything was always serious on the jobs. We would laugh at crazy things that would happen. We became friends and started hanging out outside of work. We used to go hunting together. One time we went into the woods before sunrise to get a good spot. It was a nice, sunny, winter day .We each found a tree about fifty feet across from each other that we could sit against . We brought some snacks to munch on. The next thing we knew, it was about three in the afternoon when we woke up & started laughing until we cried. We slept from 7am until 3pm. Eight hours straight. Not only did we not hunt anything, we didn't even eat the snacks we brought. We never got anything anytime we hunted, however we would always have a good laugh. My wife and I became good friends with Don and Connie, and have had many great times together that we will always cherish.
