“ Donna was a very loving person and will be truly missed by all . Saddest is so very strong right now for all of us but I know that's not what she would want for any of us , so try to remember her with a smile and hear her laughter that came so easy to her . Let's show love to each other like she showed love to us. I will always cherish the blessings we share together our children and grandchildren. I will take care of them so fly high my friend.

“ Momma was the most beautiful, loving, and caring person inside and out. She always put everyone before herself. God needed a very special person Sunday morning and he choose the best. I will miss momma tremendously but I know she is in the place we all hope to get to one day. I can't wait to see her again.  
I Love You Momma

*I have lost the best sister that anyone could have ever hoped for and I loved her more than anyone can describe. She was my best friend, second mother and advisor. She could always make you feel better no matter what and she loved unconditionally and never judged. I never thought that a pain could cut so deep. I know where my sister is and she is in a place that is beautiful and I will see her again one day and that is the thing that comforts me so much but it still hurts more than I thought I could ever feel. I love you big sister and I will miss your laughs and time we spent together. I love you more than words could ever express. You will be missed by so many people.*

“ I would like to extend my sincere condolences to you and your family on the loss of your beautiful wife, daughter, mother, grandmother and sister. Even though the sting of death is hard to deal with right now for your family, the Bible gives each and every one of us the reassuring hope found at John 11:25, where Jesus promises us the resurrection, which he talked about and demonstrated while he was on the earth. This scripture allows us to see that death is not permanent & that soon you will be able to see your beloved family member again. Even though Donna is asleep in death right now, she is no longer suffering and when she wakes up she will be in perfect health, living on a fully cleansed Earth and waiting to welcome back family and friends with open arms. I hope these words from the Bible provide you with Comfort at this most difficult of times.

“ Donna had a warm and beautiful heart. She was always thinking of others and wanted to make everyone happy. She loved to laugh, she was always joking and loved it when everyone else was too! She had a soft spot in her heart for animals, often thinking of them before herself as well. She was loved by so many. She has went on to a greater place. Leaving behind so many grieving for themselves, and missing her more than words can express.

“ Donna was the sweetest woman I have ever met. She would always give me a hug when she saw me. Hugging her was like receiving a hug from your mother.

“ I am so sad to learn of Donna’s passing! I had the privilege of taking care of her, and her family, many times at the hospital. She was always smiling and joking, even when she felt bad. I will be praying for you all for strength and comfort in the days ahead!

*I will miss my best friend, my second mother, advisor and many other things. I know that there is a very special angel in heaven but I am lost without hearing her cheerful and happy hello's and good nights every night. Donna had a heart of gold and I know that she is in a much better place and although that brings comfort it still doesn't fill the pain that is in all of our hearts. I love you Donna and I can't wait to get to heaven and be with you again. I loved you more than words can ever express. Your little sister and best friend.*
