“ Sweet Sister, you were kind and supportive no matter what you never judged other people. We could sit and talk for hours and lots of laughs. I am going to miss our talks and our visits when you would come to town. I love you. Prayers for your family

“ *Donna came into my life as a caregiver for my father with dementia and walked out as a dear friend. She graciously cared for my father daily as was always available to assist me whenever I needed her. While caring for my dad, my little dog fell in love with her (and I think the feeling was mutual). After my dad's passing, Donna would come stay in our home when we were out of town so that the dog did not need to be boarded with the vet. My dog and my home would be spotless when we returned home. We will miss Donna tremendously!*

Donna i'm going to miss you so much. As you were growing up i never finished a sentence about what i needed when i was cooking you always knew and was handling it to me. One of the last conversations we had you were telling me you were a strong woman because you were raised by one. It broke my heart to lose you we might argue but we also said im sorry. WE had a lot of good times together and made a lot of great memories together. i loved the boys as if they were mine and then came the four grandchildren and they are just as precious. This is not goodbye but i'll see you later. Don't let those brothers of yours pick on you. Hopefully you four will be waiting beside the river for me and Kevin and the boys and grands. Love you and think about you everyday
