“ Dorothy I had the privilege of working with you for more than 23 years. Everytime you was around you would make us laugh . We always had fun cutting up with you and this I will miss very much. You always made the day seem much brighter even though you had things going on in your life and all of us having things going on in our life's . We have had happy times and sad times as a work family and we all are going to miss you dearly. You are with Jimmy again and now he is hilled and not having any pain or sickness. Miss you bunches .
