Pritchett for FRAN STONE Gifts

Fran was the World's greatest Mom and Nana. She was a hairdresser for 25 years but then at the birth of her first Grandchild Josh, she became a professional Nana getting to pour herself fully into the lives of her parents, children, Grandchildren and Great grandchildren for going on 37 years. She spent countless hours, days and years praying for us, teaching us about Jesus, loving our fellow humans and being a generous and caring people willing to do what's sometimes hard if it helps someone else. She married our Daddy when she was only 16; had her children and grandchildren young and got to grow up with her girls. She was a wonderful wife marrying her Dub a little later in life but cherished every moment of her 26 years with him. She welcomed (and helped raise) several bonus kids into her home and heart and made every single visitor into our home and her business feel like family. Her nieces and nephews will tell you she was like a second Mom and her siblings and cousins were her very best friends. She was born in Georgia; lived in SC, CA and MI but spent most of her life and raised her family in Travelers Rest where she owned and operated local Beauty Shops on Main St, in her home and in the Drug and Alcohol Treatment Center at North Greenville Hospital; Also serving as a hairdresser at Howze Mortuary for many years. As a hairdresser she was a shoulder, counselor, friend and secret keeper to many. She loved and cherished her dog Phoebe and treated her like a Queen. The Nanas legacy will live on in our hearts, our children, their children and all the generations to come because she was a difference maker and the imprint she made in our lives and in the lives of others has no end.

“ She was a joy every time she came to our office. I enjoyed our talks about how much she loved her family and her precious dog that she said got mad every time she left the house.
