“ We will miss his friendly smile and sense of humor. He was so kind to us when we lived nearby.

“ George was one of those successful Food Science department graduates from Clemson and all of our faculty held him in highest regard. Great personality, dependable, and honesty were outstanding traits. It was quite an honor when his daughter, also at Clemson, stopped one day to say “My Daddy said to tell you hello! I was kind of shocked yet proud of him and her for that message!” My condolences to his family.

“ Raymond and I were best friends during high school. I have recalled a lot of fun memories during that time. Regret not keeping in touch over the years. Recently got a chance to speak with him at another close friend’s funeral. Sincere condolences to all his family and prayers for Gods grace during this time.

“ George was one of our best people ever. We started work at Sauer about the same time and grew up through the ranks. I grew to depend on George for his steady hand in managing our plants, and for his advice in all things operational. My thoughts and prayers go out to Vickie and Cecilia , and their families, and to all the extended Sauer family . Rest in Peace my friend.
