“ *I met Harley when he was a patient at Anmed Health many years ago. He and his wife have become friends over the years. We have kept in contact via Facebook and also through lots of cards on special occasions over the years. Harley was kind ,generous and loving. He always spoke kind words about his wife Judy and kids. He alone renewed my faith in why I chose nursing. Every time I got to see him it was his bright smile that warmed my heart. Prayers for Judy and family in the days ahead.
