“ *Jack was just like family. He knocked on our door with his “code” knock opened the door, “Hello, hello, hello!” He reached inside the door, got the money out of the envelope, signed and said “See ya next week!” Upon deaths in our family throughout the years he always helped with the policies regardless with his company or not. He was a figure within our family during such a simple time in life. May God comfort and bring peace during this time of sorrow to all his family and friends.*

“*Jack married into our family 67 years ago. Since then it has been a pleasure to have him as an uncle and a friend. He was always a very important part of my life. One summer while I was in college I lived with them. That summer I met my wife, without them we would have never met. I have always been thankful for that. Jack and Mary were always involved in some of the happiest times in our lives. We almost feel like we were part of their family. Jack will be missed, but I am thankful that he was part of my life. He and Mary were both a blessing to all of us.*
