“ I can't believe you have passed away Jeff. I still think of you as my nephew. Your struggles are all over with. I didn't know you were even sick. Your family is missing you bunches cuz from what I hear it was never dull with you. I remember you as the little ring bearer in my sister wedding and at your father's funeral. So many years passed after I left your family but I thought of you your wife and your children. Go rest high on the mountain son your work on earth is done.
