“ I am sorry to learn of Mr. Kent's death. While I did not know him it was my privilege to teach his children at Hagood School in music and in the gifted program. All three were such fine students and always great humanitarians. They were an inspiring reflection of their parents. I am thinking of the Kent family. Blessings.

“ Tony was a great friend from way back in the 70s when he was still in high school. We worked together at my Dad's garage at one point and spent alot of time cruising around town, motorcycling and just being young and having fun with Pat Murray. I think we all three spent our free time just growing up from young boys to men. He was a lifelong friend and like a brother from the past. I still just can't accept he is gone already. Until we meet again in Heaven Tony! Miss you already so much knowing you are gone ahead of us. Love you like a Brother!
