“ I worked with Joe from 2001-2016 and he was my boss in the Meter Shop from 2004 until 2016 when he retired. Joe was in a way, like a father to me, taking time to show me things from his extensive knowledge of tools and equipment. work smarter not harder, he would say. after he retired, I had an opportunity to Manage the meter shop for 2 years from 2020-2022 but ultimately, I had to leave the City due to management, the same management that he struggled with.

I have more photos.

RIP Joe.
