“ *Kathy was an extraordinary person who honestly didn't know how to frown. I worked at walmart photo lab, where I met kathy when she dropped off film. I loved her attitude and personality. we would always cut up, but ALWAYS one of us always ended up talking about how good our God was. Her faith was strong so I know this is not goodbye but until we meet again. There are those customers you look forward to seeing...Kathy was definitely in that category. I'm sorry for your loss, but glad that she is healed.*
