“ I went to Wharton Grade School with Krystal. Her dad and my step-father were friends and we played together when they would come over. She was one of the prettiest girls in the school. I would never tell her but, she was my first crush when I we where 6 or 7. It is so sad that she couldn't brighten this world any longer. Heaven really did gain an angel.

Krystal and I have been friends since we were little children. Our families gathered together and I remember all the fun we had. She always had a smile on her face despite the pain that she was going through. She was a Warrior and fought until the end. She will be missed greatly and will forever remain in our hearts. Fly high my friend. You are finally at peace!
