“ *Larry was always very special to my heart. I have many memories that I will cherish forever. He had a special slow walk that was real cool but he always got where he was going on time. He always called me broom and he loved to give nicknames. He always had a smile on his face. I will miss him.*

“ He was always there for me any time day or night. Though all the bs I've been through over the last 5 years. I could go to his house anytime, but he would also come to my house if I needed him to. He come to my house at 5am one morning to work on my electrical panel to keep my house from burning down. Thank you my friend, gone but never forgotten. I love you Larry.
