“ I am just reading about this. Michael, Kim and all the family, you will be in our prayers! I only knew Linda from working at Pickens Savings years ago when she did the janitorial services, but we had fun which she was working!
She was a beautiful lady inside and out!

May the Lord bless and give you strength in times ahead.

“ My favorite memory with Linda was when she had a tray of food in her hands and she came in the living room to sit down to eat and she bumped against the couch, did a 360 turn, fell down on the couch just like she was sitting to eat and didn't spill any of her food. We laughed about that for a long time. It was great balance and great body control. ha ha

All My Love to her and Her Family.

“ Love to Robert and Michael and their families. Linda was my
second Mom. She was with me throughout my entire life and all my
special occasions. She was also with me when I was diagnosed
with cancer. She kept me going and loved me unconditionally. I am
so grateful for the weekend we spent together in February this year.
It was just like old times. She was just as beautiful as she had
always been - inside and out! I love you aunt Linda and will always
hold you close to my heart. I miss you already and will everyday.
