“ My thoughts and prayer to Earlene and her loving family. It was such a blessing to me to have meet Ms, Lula and her family short a time as it was. Such a wonderful and loving lady and it really shows the way the family cared for her to the very end. I would truly miss her around especially the singing. I gotten so used to it that it seems so quiet now in the A hall. I remember Ms. Lula wanted to give me one of her baby doll because she thought Earlene was fussing at me and told her not to hit me. Earlene had to reassure her that she was not fussing at me nor hitting me and that we were just talking and that i gonna clean the room that's why i had the broom. It touched my heart how her daughters and her whole family cared for her. My deepest condolence to all of you. She was loved by all the staff here at Pruitt and we are saddened too that she is gone. I take comfort in knowing that she had come home to our Father in Heaven. May your Moms memories will comfort your heart.....

“ It was such a pleasure getting to know and take care of Mrs Lula and Earlene. I remember always showing her pictures of my children and neices and nephews and seeing her face just light up. The live she had for her children was something else. She will truly be missed..

“ No words could ever describe how wonderful Mrs. Burgess was. I am saddened that she is no longer with us, but at the same time my heart is overwhelmed with joy knowing that she is in a much better place. My favorite memory I have of her is sneaking her a piece of a 3 milk cake. The next day when I stopped by she said " what did you bring me" Erlene and I had a good laugh and from then on I would occasionally bring her a surprise! I always teased her about her left foot being mine, and she would say .." it is, well I didn't know". And then there were her baby dolls, her favorite being baby boy Crenshaw....we would fuss over who would get to hold him! She would look over at Erlene and tell her to get her baby back. My last but memory of Mrs Burgess is, whenever I would stop by and visit her she never wanted me to leave. She would fuss at me and say " hey where you going" and would, at times, even fuss at Erlene to try and get me to stay. I would then have to tell her I had to get back to work and check on my other residents. She would then say " ok, but come back". I am truly going to miss this amazing woman. The love she had for her kids and everyone she met is a story in itself. I hope when I am old my heart is as sweet as hers was!

“ From dusk until dawn I remember walking into work hearing Mrs. Burgess sing a mixture of Jesus loves me and, her abc's backwards. It's an honor to say that I was able to care for a wonderful strong woman that reached the age of 102 and I will truly miss seeing her smile and getting a goodmorning hug. I do know that one day I will see her again.
