“ *Jack and family, we are saddened to hear of Mary's passing. My parents had lots of fond memories from convention trips together. And I remember insurance get together with families when we were kids as great fun. Mary was always laughing, smiling and so kind to all. We extend our deep sympathies to you. “ Mary was always a wonderful aunt and I have too many memories of her to list. All that I can say is that I loved her like a sister and will miss her for the rest of my life. She and I were very close when I was a little boy. She took me on a lot of adventures, the most memorable one was my only motorcycle ride when I was about 4. She and Jack provided a place for me to live when I was in college so that I could get a summer job. Mary helped me study for one of my toughest exams when I was in college and I got an A because of her help. I lived with them when I met Nancy and they spent a lot of time with us while we were dating and getting to know each other. They took us to Six Flags for our third date and we had a lot of fun. We kept their children once when they went to one of Jack's sales conventions. Mary was always very special to me and everyone that she came in contact with. The world is not as good a place without her in it. our prayers are with all of you as you say goodbye to Mary.

“ Jack and family. My thoughts and prayers are with all of you during this sad time. I will always remember you and Mary Ellen when Bub and I first married. We always felt welcome to drop in anytime at your house. We had some good times together. I know Mary has had a rough road with her health, however, we are never ready to give them up. Thinking of you.
