“ My mom was strong, out going, caring and loving. She loved to grow flowers , actually pretty much any plants. She loved birds but her favorite was the hummingbird. I remember one time the feeder was empty and the hummingbirds flew around mom's head like to say, hey it's empty can you fill it please. So she got up and filled it. And as much as she loved all wild life and enjoyed watching the squirrels. She got so mad at them for getting into her bird feeders. It was a on going battle between her and the squirrels. It would keep me laughing. We had a lot of wonderful special times and adventures growing up. And I thank her for all the positive parts of her she passed on to me . I will miss you mom and I will always love you. You will always hold a special place in my heart. Thank you for raising me to be so strong and independent. I wish I could be there to say goodbye. But I know one day we will see each other again. Till then mom, give daddy a hug for me and tell him I love him and miss him. See you again mom when we meet in heaven.  
Love always and forever, Your baby girl
