

## Mona Potter Stephenson

December 9, 1929 - February 22, 2026

Mona Potter Stephenson bade farewell on February 22nd, 2026, and her presence on this earth will be sorely missed by those who knew her.

She was born on December 9th, 1929, and lived a full life that she did not take for granted. She spent much of her life caring for others in a variety of roles to include a nursing career. She was tough, kind, smart, beautiful, and funny.

Despite suffering from dementia in her later years, she maintained her identity, impeccable manners, and sense of humor. She had an especially close relationship with her granddaughter, Shelley, whom she was Mamah to and her great-granddaughters, Corinne & Cassandra. It was a privilege to know her and to be part of her twilight years as she was a true class act and a wonderful human who enriched the lives of those around her.

Anyone wishing to honor her is welcome to post a comment and/or make a contribution to the Dementia Society of America in her memory.

“ My thoughts are with the entire Stephenson family. Mona was always a wonderful lady and I am saddened to have heard of her passing. I remember sitting with her after Jack's death and talking to her in front of a stone fireplace, visiting with her and chatting over the years. Seems like a lifetime ago. I hope that her family is well as can be. Shelley, Corinne, and Cassandra take care of yourselves and know that I wish you all the best. PJN
