“ *It's hard to believe it's been a year. You always think that you'll have someone forever, till you don't. I just wish I could have done more. This has been the hardest year of my life. Watching what she went through is unbearable, but now I know she's no longer suffering. I think of you all the time mama. Especially when I see a yellow butterfly.
Love and miss you so very much!*

“ *It's been 2 months since you passed. They say things get easier, but I think it's just now finally hitting me. The fact that your gone. Really gone. I wish more than anything that your time that was left here with us, wouldn't have been so hard.
I really hope that your at peace now. I ♥ you and miss you.
