“ *I have so many. But one I'll never forget she would sneak up behind ya and thump you on the ear, then run and get in Dads lap and he wouldn't let you get her back. He would protect that girl. But he'd warn her you can't sit here all day ya know. She did this from age 9 till 14-15. Untill I finally got her a good one with a knife under the bathroom door. The movie Trilogy of Terror ring a bell, the little zunni doll. Never did it again. Now of course I got in trouble for scaring her.*

“ *Funny the things we remember...*

*I remember I was out of school for a week in the 2nd grade. I cried when I had to go back becuae after being with you for a week, I didn't want to leave you. I remember sneeking a wallet sized picture of you into my pocket that first day back. I looked at it througout the day to help me not miss you as much...*

*Should have done that today for my first day back to work, since we said good-bye.*
