“ I can't believe you are gone. I don't even know where to start. There is so much to say about you. I loved you since you walked into Captain D's. Your personality was larger than life, and you loved your friends and family with all that you had. You could walk into a room, and commanded the room with your smile, laughter, and charming, larger than life personality. You worked hard, loved hard, and enjoyed life your way. You lived your life the way you wanted. You loved fishing, Nascar, woodworking. and you took pride in your work, like your Grandpa Cartwright. You were a perfectionist at anything you did. To know you was to love you. Even though we had our ups and downs through tge years, we always had each others backs. We made lots of beautiful memories together as well. We spent 31 years together off and on. I love you more than anything in the world, and I am absolutely devastated. I never imagined losing you. I will love and grieve you the rest of my life. Even though we had recently separated, we stayed in touch, and were friends and loved each other until the very end. I am so sorry that I couldn't save you that night, especially that last night. It just doesn't seem real. You were my eternal touchstone. and I will always love you until my very last breath. For now, I know our 3 babies that we lost, and Andy and Opie are with you. I know they were waiting for you at the gate. How amazing that must've been to finally meet our 3 children. I know they must be beautiful and have your personality. I know you were so excited to meet and see them. Please tell them their mother will see you all when I am called home. I loved you more than life Bobby, and even though we weren't together as a couple anymore, we still were eternally bonded, and loved each other. I am so sorry I couldn't save you. I will blame myself forever. Time doesn't make it easier. I am just so numb and lost without you. The thing that keeps me going is I know I will see you again in Heaven.

Noel, Howard, Debbie, Muriel, and Bob, thank you for letting me be a part of your family. Please accept my condolences, and know I am thinking and praying for you. Bobby was one of a kind, and we all will miss him.

“ *I worked with Bobby and he definitely did have a contagious smile... he loved working, making people laugh, and also went overboard in helping others. He will be dearly missed.*

Thank you for the wonderful words about Bobby. He was definitely one of a kind. My name is Rhonda or "RoRo". I'm sure Bobby mentioned me. He spoke often of his work crew, and was always very positive and laughing. He loved to teach. He is definitely missed by his friends and family. Thank you for sharing this tribute. ❤️
