“ Bobby was the daddy of my best friend robby so I spent a lot of days and nights with the family . Bobby became a second father to me and all three of us did things together including fishing . Robby passed suddenly at the age of 24 , but Bobby and I kept in touch and still spent time together .,I called him pa and he called me son for another 25 years . I will miss you pa but you are with robby and other family members who have passed ,and one day we will see each other again . What a wonderful day that will be , I Love you Pa ,your son Douglas
