“ *I have a memory of Ross that makes me smile even 50 yrz afterwards! In the 60's there was a Sinclair station on main street ! It stood then across from the court house where the optometrist office is today! Libbyand Gary Hagood and myself parked their green volkswagon on main street and we all went into Collins dept store! When we came out we found that the car was GONE! We walked up and down the sidewalk looking for it but no luck! Then as we stood there we looked across the street at the small crowd in the parking lot of sinclair station! Ross was among the few that was standing.there laughing at us! It seems that when we were in the dept store those guys had rolled that little volkswagon across the street and had hid it behind the station! Oh the good ole days!!*
