“ I have lost a special family member in my life. I was much younger than Sheryl but she made special time with me. When they visited our home and I was a small child, Sheryl took time to play with me or color with me.

As I grew, Sheryl never stopped being my friend/cousin. She would spend special time over the phone with me. We shared things that two girls should share from tuperware, pictures, news from family or just someting special between the two of us quietly. I will truly miss knowing that she is only a phone call away. I will never forget her steady friendship.
