“ *I have known Steve since he was a very young man. Steve and his parents Phyllis and Bob I also became close too, first as customers at my shop, and then as great friends that always treated me like family. Last time I got to see Steve I shook his hand and hugged him as we were taking a ride on motorcycles to Hendersonville this past spring. One great young man! Reminded me of myself when I was younger. Seemed like the world would try to knock him down but he always got back up and faced another day with a smile and love for his family and friends. We will see you again one fine day my friend and walk the streets of gold with Jesus. Love you Man! See you then!*

Pops, this Cameron, I'm only writing on here to tell you how much you really meant to me. You see it wasn't until I had gotten older and been through some things in my life that I finally understood you and some the things you used to say to me. I want to thank you from the very bottom of what's left of my heart for always trying to be the best man you could be for all of us and I want you to know that you are very very deeply missed my everyone. I cry everyday cause for weeks prior I would be trying to call just to hang out and it was like something was keeping us separated but our last talk was a good one pops and just know I know you up there looking down on all us with that smile... I love you pops... Your son Cam
