“ *We had a special bond since the 2nd grade, and I always knew you had a heart of gold! I am so thankful to have been able to spend time with you at the Napa store, where you enjoyed hanging out! Thank you for giving me all the reports on my Daddy when he did something he wasn't supposed to - especially eating sugar! I feel blessed to have known you, and I sure will miss you & your sweet soul. I find peace in knowing that you are no longer suffering and in pain. You struggled way more than most people know. You are now in a beautiful place, no longer held captive by the demons you battled here on earth. May you Rest In Peace my friend! Love you ~ Jill*

*Someone you wanted and tried to help, he was loved by his family and he loved us to, he never failed when you talked to him whether in person or on the phone last word he would say was I Love you, he had his problems and had survived things he went through that most people wouldn't have made it, I often thought there's a reason God is keeping him here now I know why , I can see now by all the comments he really touched a lot of people and now we will look at others and have different feelings towards them and show them love and let them know we care, I loved Stoney and will miss him but I know now he can talk and boy didn't he love to talk, thank you all for the link words you said about my nephew*
