

Suzanne Elizabeth Daniels Lambert

July 3, 1960 - November 2, 2022

Suzanne Elizabeth Daniels Lambert
Pumpkintown, South Carolina

Suzanne Elizabeth Daniels Lambert, 62, loving wife of 26 years to Mark Lambert, passed away Wednesday, November 3, 2022, at Baptist Easley Hospital.

Born July 3, 1960, in Washington, D.C., Suzanne was the daughter of the late Askew Barto Daniels and Helen Virginia Cooke Daniels. Mrs. Lambert was known to be an extremely knowledgeable and dedicated nurse. She was a strong willed and independent woman, who worried about others over herself. She was a loving stepmom and grandmother who also loved her cats dearly.

Survivors include her husband, Mark Lambert of the home, her daughter, Jessi Nicole Butler, and son-in-law Richie Butler, both of Summerville, and her grandchildren, Joshua Lee Butler, and Aubreah Nicolette Butler.

Mrs. Lambert was predeceased by her parents.

Mountain View Funeral Home – Pickens Chapel is serving the Lambert family.

“ Suzanne was such an interesting person to listen to and she had so much vital information to share. I only knew her for a mere 6 months at my new position at MMOB but in those months I learned a whole lot. We would have our tiffs here and there but we were a powerhouse together. We were vastly different but almost the same. She was a seasoned nurse and I was still learning to spread my wings as a nurse of 6 years. We both cared about our patients immensely. She was like the captain of the ship and I was her first mate. I will very much miss my colleague. Those are big shoes to fill at the office without her. We will greatly miss her and will always appreciate her dedication to the care of the patients. Prayers for Mark and Suzanne's family... may her spirit rest in peace.

“ I loved Suzanne! I started working with her last February and she was my favorite nurse she handled everything!! She would never let me know things in her personal life but I knew she loved her husband Mark and she taught him how to cook tacos when she was going to be home late from work! One of my favorite sayings and she had a lot of them! But this was directly to me. I said Suzanne why don't you treat me like you treat the patients. She said I don't get paid to kiss your ass I get paid to kiss theirs! She will surely be missed at MMOB it won't be the same. My prayers are with you all in this difficult time!

“ Suzanne was a wonderful person, nurse, and friend. She will be deeply missed. I worked with her for over 3 years, and was always amazed at her compassion for her patients. The world has truly lost a great person. My condolences to the family during this time.

“ Mark and family, words cannot describe the woman Suzanne was to all of us that worked with her. She was extraordinary as a nurse, tough at times but always somehow taught a lesson. She would tell you just "what you needed to hear" and not what you wanted to hear. She was a perfectionist, yet flawed in all the right areas and would humbly laugh at herself and along with all of us. She worked tirelessly until all the work was done because she cared so much about her doctors. And to watch her put everything she had into helping her patients become well was inspiring to all of us! We will miss her and we sincerely send our condolences to your family.
