“ Timmy was a big part of my life the last 12 years. One of my best friends. He was there for the laughter and the tears. It didn't matter. I would visit and vent all my frustrations and rant and rave and complain. He was fine with that. Only crap he every gave me was about me liking Florida State! Gonna miss him....Prayers to his family, especially his kids. He loved you guys so much.

“ Timmy was the boy next door throughout much of my childhood. He was like a brother and a dear friend. We shared the same elementary class, the same friends, candy, albums, toys. Whether it was listening to music, playing in the snow, a Shady Grove softball game (he had such athletic potential and could leap across the ditch and sprint to his house in mere seconds), the fair or swimming in Lake Keowee, Timmy was always a welcome addition and he was always happy. A big part of my childhood and that of my siblings. When our family moved to Kansas, Timmy was one of the people we missed the most. We did not keep in touch as the years passed but my heart is very heavy in hearing of his passing. My prayers and thoughts are with sweet Ms. Azalee, Rita and his family and loved ones.
